Introduction

The Treaty of Lisbon changed name from the "Reform Treaty" when it was amended and signed in Lisbon, Portugal, by the prime ministers and foreign ministers of the 27 EU Member States on 13 December 2007.

The treaty retains most of the content of the proposed EU Constitution which was rejected in the French and Dutch referendums on 29 May and 1 June 2005, respectively. The Lisbon Treaty amends the Treaty on European Union (TEU) and the Treaty establishing the European Community (TEC), which is renamed "Treaty on the Functioning of the European Union" (TFEU).

Following the parliamentary ratification of the Lisbon Treaty by all Member States by the end of 2008, it is aimed to have the Treaty come into force on 1 January 2009. Whereas the EU Constitution was to be subjected to a referendum in ten Member States, only Ireland is holding a referendum on the Lisbon Treaty.

This is a consolidated version of the Treaty of Lisbon, including all articles in the TEU and the TFEU as amended by the Treaty. It also contains the 11 new protocols annexed to the Lisbon Treaty, as well as the old Protocols for a total of 37 Protocols (not including the protocols attached to the 2003 Accession Treaty).

This consolidated version includes guidelines in the margins, symbols showing the decision-making method, additions to and amendments of the current treaties by the Lisbon Treaty and an alphabetical index with over 3000 entries. A key to these symbols is also provided.

April 2008

Key to Symbols

The most important ordinary legislative procedure has the sign: X**

Symbols referring to the European Parliament

* means that the European Parliament must be consulted, i.e. makes a public statement, gives advice.

** means that the European Parliament may **co-decide**; it can propose amendments and reject a proposal by an absolute majority of its members, according to the so-called ordinary legislative procedure in Art. 294 TFEU.

*** means that the European Parliament must give its **consent** to a text, but that it cannot propose formal amendments.

No stars means that the European Parliament is not involved or only informed

Symbols referring to the Council of Ministers or the European Council

U means that all EU countries must be unanimous in the Council or in the European Council.

X means a vote with **qualified majority.** This is currently 255 out of 345 possible votes. From 2014 a new system is introduced, the so-called **double majority.** A decision then needs the support of 55% of the Member States, at least 15 countries, covering 65% of the total EU population. A blocking minority needs at least 4 countries.

XX means an **enlarged qualified majority**, with at least 72% (20 of 27) of the Member States, most often when the proposal does not arise from the Commission or from the new EU Foreign Minister (High Representative for the Union for Foreign Affairs and Security Policy).

Symbols marking changes from the current provisions

X means that unanimity in the Council/European Council will change to qualified majority.

** means that the European Parliament will **co-decide** and has *no say* today.

** means that the European Parliament will co-decide, being merely consulted today.

*** means that the European Parliament must give its consent, having no say today.

*** means that the European Parliament must give its consent, only being consulted today.

Marked parts in the text

The parts which are in **bold** mark the insertions added by the proposed Lisbon Treaty compared to the present treaties.

For reasons of comprehension, coherence and consistency, parts which will be deleted by the Lisbon Treaty are not marked as such but have been left out. Therefore, changes which the Lisbon Treaty would make, but which were not in the original version of the rejected EU Constitution, have not been highlighted either.

New legal bases:

U, X or XX combined with *, ** or *** can also define a new legal basis. This information may be given to you in the title and in the margin of the respective article.

Passerelle Article 48 TEU

If the Lisbon Treaty is ratified, a unanimous European Council will be able to change **all or part of the provisions of Part Three of the Treaty on the Functioning of the Union**. It may alter unanimity to voting by qualified majority in Title V of the TEU and in the entire TFEU. It may also replace a special legislative procedure by the ordinary legislative procedure in the TFEU.

First decided as a political declaration at the summit in Nice, 8 December 2000

CHARTER OF FUNDAMENTAL RIGHTS OF THE EUROPEAN UNION

PREAMBLE

The peoples of Europe, in creating an ever closer union among them, are resolved to share a peaceful future based on common values.

Conscious of its spiritual and moral heritage, the Union is founded on the indivisible, universal values of human dignity, freedom, equality and solidarity; it is based on the principles of democracy and the rule of law. It places the individual at the heart of its activities, by establishing the citizenship of the Union and by creating an area of freedom, security and justice.

The Union contributes to the preservation and to the development of these common values while respecting the diversity of the cultures and traditions of the peoples of Europe as well as the national identities of the Member States and the organisation of their public authorities at national, regional and local levels; it seeks to promote balanced and sustainable development and ensures free movement of persons, services, goods and capital, and the freedom of establishment.

To this end, it is necessary to strengthen the protection of fundamental rights in the light of changes in society, social progress and scientific and technological developments by making those rights more visible in a Charter.

This Charter reaffirms, with due regard for the powers and tasks of the Union and for the principle of subsidiarity, the rights as they result, in particular, from the constitutional traditions and international obligations common to the Member States, the European Convention for the Protection of Human Rights and Fundamental Freedoms, the Social Charters adopted by the Union and by the Council of Europe and the case-law of the Court of Justice of the European Union and of the European Court of Human Rights. In this context the Charter will be interpreted by the courts of the Union and the Member States with due regard to the explanations prepared under the authority of the Praesidium of the Convention which drafted the Charter and updated under the responsibility of the Praesidium of the European Convention.

Enjoyment of these rights entails responsibilities and duties with regard to other persons, to the human community and to future generations.

	ARTICLE 47 Transitional provisions for the capital of the ECB
	In accordance with Article 29.1 each national central bank shall be assigned a weighting in the

key for subscription of the ECB's capital. By way of derogation from Article 28.3, central banks of Member States with a derogation shall not pay up their subscribed capital unless the General Council, acting by a majority representing at least two-thirds of the subscribed capital of the ECB and at least half of the shareholders, decides that a minimal percentage has to be paid up as a contribution to the operational costs of the ECB.

ARTICLE 48

Deferred payment of capital, reserves and provisions of the ECB

48.1 The central bank of a Member State whose derogation has been abrogated shall pay up its subscribed share of the capital of the ECB to the same extent as the central banks of other **Member States without derogation** and shall transfer to the ECB foreign reserve assets in accordance with Article 30.1. The sum to be transferred shall be determined by multiplying the **euro** value at current exchange rates of the foreign reserve assets which have already been transferred to the ECB in accordance with Article 30.1, by the ratio between the number of shares subscribed by the national central bank concerned and the number of shares already paid up by the other national central banks.

48.2. In addition to the payment to be made in accordance with Article 48.1, the central bank concerned shall contribute to the reserves of the ECB, to those provisions equivalent to reserves, and to the amount still to be appropriated to the reserves and provisions corresponding to the balance of the profit and loss account as at 31 December of the year prior to the abrogation of the derogation. The sum to be contributed shall be determined by multiplying the amount of the reserves, as defined above and as stated in the approved balance sheet of the ECB, by the ratio between the number of shares subscribed by the central bank concerned and the number of shares already paid up by the other central banks.

48.3. Upon one or more countries becoming Member States and their respective national central banks becoming part of the ESCB, the subscribed capital of the ECB and the limit on the amount of foreign reserve assets that may be transferred to the ECB shall be automatically increased. The increase shall be determined by multiplying the respective amounts then prevailing by the ratio, within the expanded capital key, between the weighting of the entering national central banks concerned and the weighting of the national central banks already members of the ESCB. Each national central bank's weighting in the capital key shall be calculated by analogy with Article 29.1 and in compliance with Article 29.2. The reference periods to be used for the statistical data shall be identical to those applied for the latest quinquennial adjustment of the weightings under Article 29.3.

ARTICLE 49

Exchange of banknotes in the currencies of the Member States

Following the irrevocable fixing of exchange rates in accordance with Article 140 of the Treaty on the Functioning of the European Union, the Governing Council shall take the necessary measures to ensure that bank notes denominated in currencies with irrevocably fixed exchange rates are exchanged by the national central banks at their respective par values.

ARTICLE 50 Applicability of the transitional provisions

If and as long as there are Member States with a derogation Articles 42 to 47 shall be applicable.

If the annual report is not approved, the Board of Directors shall resign.

4. Any vacancy arising as a result of death, voluntary resignation, compulsory retirement or collective resignation shall be filled in accordance with paragraph 2. A member shall be replaced for the remainder of his term of office, save where the entire Board of Directors is being replaced.

ARTICLE 11

1. The Management Committee shall consist of a President and eight Vice-Presidents appointed for a period of six years by the Board of Governors on a proposal from the Board of Directors.

Their appointments shall be renewable. The Board of Governors, acting unanimously, may vary the number of members on the Management Committee.

2. On a proposal from the Board of Directors adopted by a qualified majority, the Board of Governors may, acting in its turn by a qualified majority, compulsorily retire a member of the Management Committee.

To this end, it shall verify that the Bank's operations have been carried out in compliance with the formalities and procedures laid down by this Statute and the Rules of Procedure.

3. The Committee referred to in paragraph 1 shall confirm that the financial statements, as well as any other financial information contained in the annual accounts drawn up by the Board of Directors, give a true and fair view of the financial position of the Bank in respect of its assets and liabilities, and of the results of its operations and its cash flows for the financial year under review.

4. The Rules of Procedure shall specify the qualifications required of the members of the Committee and lay down the terms and conditions for the Committee's activity.

ARTICLE 13

The Bank shall deal with each Member State through the authority designated by that State. In the conduct of financial operations the Bank shall have recourse to the **national central bank** of the Member State concerned or to other financial institutions approved by that State.

ARTICLE 14

1. The Bank shall co-operate with all international organisations active in fields similar to its own.

2. The Bank shall seek to establish all appropriate contacts in the interests of co-operation with banking and financial institutions in the countries to which its operations extend.

ARTICLE 15

At the request of a Member State or of the Commission, or on its own initiative, the Board of Governors shall, in accordance with the same provisions as governed their adoption, interpret or supplement the directives laid down by it under Article 7 of this Statute.

ARTICLE 16

1. Within the framework of the task set out in Article 309 of the **Treaty on the Functioning of the European Union**, the Bank shall grant **finance**, in particular in the form of loans and **guarantees** to its members or to private or public undertakings for **investments** to be carried out in the territories of Member States, to the extent that funds are not available from other sources on reasonable terms.

However, by **decision of the Board of Governors, acting by a qualified majority** on a proposal from the Board of Directors, the Bank may grant **financing for investment** to be carried out, in whole or in part, outside the territories of Member States.

2. As far as possible, loans shall be granted only on condition that other sources of finance are also used.

3. When granting a loan to an undertaking or to a body other than a Member State, the Bank shall make the loan conditional either on a guarantee from the Member State in whose territory the **investment** will be carried out or on other adequate guarantees, **or on the financial strength of the debtor.**

Furthermore, in accordance with the principles established by the Board of Governors pursuant to Article 7(3)(b), and where the implementation of projects provided for in Article 309 of the Treaty on the Functioning of the European Union so requires, the Board of Directors shall, acting by a qualified majority, lay down the terms and conditions of any financing operation presenting a specific risk profile and thus considered to be a special activity.

4. The Bank may guarantee loans contracted by public or private undertakings or other bodies for the purpose of carrying out projects provided for in Article 309 of **Treaty on the Functioning of the European Union.**

5. The aggregate amount outstanding at any time of loans and guarantees granted by the Bank shall not exceed 250 % of its subscribed capital, reserves, non-allocated provisions and profit and loss account surplus. The latter aggregate amount shall be reduced by an amount equal to the amount subscribed (whether or not paid in) for any equity participation of the Bank.

The amount of the Bank's disbursed equity participations shall not exceed at any time an amount corresponding to the total of its paid-in subscribed capital, reserves, non-allocated provisions and profit and loss account surplus.

By way of exception, the special activities of the Bank, as decided by the Board of Governors and the Board of Directors in accordance with paragraph 3, will have a specific allocation of reserve.

This paragraph shall also apply to the consolidated accounts of the Bank.

6. The Bank shall protect itself against exchange risks by including in contracts for loans and guarantees such clauses as it considers appropriate

ARTICLE 17

1. Interest rates on loans to be granted by the Bank and commission and other charges shall be

adjusted to conditions prevailing on the capital market and shall be calculated in such a way that the income therefrom shall enable the Bank to meet its obligations, to cover its expenses **and risks** and to build up a reserve fund as provided for in Article 24.

2. The Bank shall not grant any reduction in interest rates. Where a reduction in the interest rate appears desirable in view of the nature of the **investment** to be financed, the Member State concerned or some other agency may grant aid towards the payment of interest to the extent that this is compatible with Article 107 of the **Treaty on the Functioning of the European Union**.

ARTICLE 18

In its financing operations, the Bank shall observe the following principles:

1. It shall ensure that its funds are employed as rationally as possible in the interests of the **Union.** It may grant loans or guarantees only:

(a) where, in the case of **investments** by undertakings in the production sector, interest and amortisation payments are covered out of operating profits, or, **in the case of other investments**, either by a commitment entered into by the State **in which the investment is made** or by some other means; and

(b) where the execution of the **investment** contributes to an increase in economic productivity in general and promotes the attainment of the **internal** market.

2. It shall neither acquire any interest in an undertaking nor assume any responsibility in its management unless this is required to safeguard the rights of the Bank in ensuring recovery of funds lent.

However, in accordance with the principles determined by the Board of Governors pursuant to Article 7(3)(b), and where the implementation of operations provided for in Article 309 of the Treaty on the Functioning of the European Union so requires, the Board of Directors shall, acting by a qualified majority, lay down the terms and conditions for taking an equity participation in a commercial undertaking, normally as a complement to a loan or a guarantee, insofar as this is required to finance an investment or programme.

3. It may dispose of its claims on the capital market and may, to this end, require its debtors to issue bonds or other securities.

4. Neither the Bank nor the Member States shall impose conditions requiring funds lent by the Bank to be spent within a specified Member State.

5. The Bank may make its loans conditional on international invitations to tender being arranged.

6. The Bank shall not finance, in whole or in part, any **investment** opposed by the Member State in whose territory it is to be carried out.

7. As a complement to its lending activity, the Bank may provide technical assistance services in accordance with the terms and conditions laid down by the Board of Governors, acting by a qualified majority, and in compliance with this Statute.

ARTICLE 19

1. Any undertaking or public or private entity may apply directly to the Bank for financing. Applications to the Bank may also be made either through the Commission or through the Member State on whose territory the investment will be carried out.

2. Applications made through the Commission shall be submitted for an opinion to the Member State in whose territory the **investment** will be carried out. Applications made through a Member State shall be submitted to the Commission for an opinion. Applications made direct by an undertaking shall be submitted to the Member State concerned and to the Commission.

The Member State concerned and the Commission shall deliver their opinions within two months. If no reply is received within this period, the Bank may assume that there is no objection to the project in question.

3. The Board of Directors shall rule on **financing operations** submitted to it by the Management Committee.

4. The Management Committee shall examine whether applications for loans or guarantees submitted to it comply with the provisions of this Statute, in particular with Articles 16 and 18. Where the Management Committee is in favour of **the financing operation**, it shall submit the **corresponding proposal** to the Board of Directors; the Committee may make its favourable opinion subject to such conditions as it considers essential. Where the Management Committee is against granting the **finance**, it shall submit the relevant documents together with its opinion to the Board of Directors.

5. Where the Management Committee delivers an unfavourable opinion, the Board of Directors may not grant the **finance** concerned unless its decision is unanimous.

6. Where the Commission delivers an unfavourable opinion, the Board of Directors may not grant the **finance** concerned unless its decision is unanimous, the director nominated by the Commission abstaining.

7. Where both the Management Committee and the Commission deliver an unfavourable opinion, the Board of Directors may not grant the **finance**.

8. In the event that a financing operation relating to an approved investment has to be restructured in order to safeguard the Bank's rights and interests, the Management Committee shall take without delay the emergency measures which it deems necessary, subject to immediate reporting thereon to the Board of Directors.

ARTICLE 20

1. The Bank shall borrow on the capital markets the funds necessary for the performance of its tasks.

2. The Bank may borrow on the capital markets of the Member States in accordance with the legal provisions applying to those markets.

The competent authorities of a Member State with a derogation within the meaning of Article 139(1) of the Treaty on the Functioning of the European Union may oppose this only if there is reason to fear serious disturbances on the capital market of that State.

ARTICLE 21

1. The Bank may employ any available funds which it does not immediately require to meet its obligations in the following ways:

(a) it may invest on the money markets;

(b) it may, subject to the provisions of Article 18(2), buy and sell securities;

(c) it may carry out any other financial operation linked with its objectives.

2. Without prejudice to the provisions of Article 23, the Bank shall not, in managing its investments, engage in any currency arbitrage not directly required to carry out its lending operations or fulfil commitments arising out of loans raised or guarantees granted by it.

3. The Bank shall, in the fields covered by this Article, act in agreement with the competent authorities or with the **national central bank** of the Member State concerned.

ARTICLE 22

1. A reserve fund of up to 10 % of the subscribed capital shall be built up progressively. If the state of the liabilities of the Bank should so justify, the Board of Directors may decide to set aside additional reserves. Until such time as the reserve fund has been fully built up, it shall be fed by:

(a) interest received on loans granted by the Bank out of sums to be paid up by the Member States pursuant to Article 5;

(b) interest received on loans granted by the Bank out of funds derived from repayment of the loans referred to in (a);

to the extent that this income is not required to meet the obligations of the Bank or to cover its expenses.

2. The resources of the reserve fund shall be so invested as to be available at any time to meet the purpose of the fund.

ARTICLE 23

1. The Bank shall at all times be entitled to transfer its assets in the currency of a Member State **whose currency is not the euro** in order to carry out financial operations corresponding to the task set out in Article 309 of the **Treaty on the Functioning of the European Union**, taking into account the provisions of Article 21 of this Statute. The Bank shall, as far as possible, avoid making such transfers if it has cash or liquid assets in the currency required.

2. The Bank may not convert its assets in the currency of a Member State **whose currency is not the euro** into the currency of a third country without the agreement of the Member State concerned.

3. The Bank may freely dispose of that part of its capital which is paid up and of any currency borrowed on markets outside the **Union**.

4. The Member States undertake to make available to the debtors of the Bank the currency needed to repay the capital and pay the interest on loans or commission on guarantees granted by the Bank for **investment** to be carried out in their territory.

ARTICLE 24

If a Member State fails to meet the obligations of membership arising from this Statute, in particular the obligation to pay its share of the subscribed capital, or to service its borrowings, the granting of loans or guarantees to that Member State or its nationals may be suspended by a decision of the Board of Governors, acting by a qualified majority.

Such decision shall not release either the State or its nationals from their obligations towards the Bank.

ARTICLE 25

1. If the Board of Governors decides to suspend the operations of the Bank, all its activities shall cease forthwith, except those required to ensure the due realisation, protection and preservation of its assets and the settlement of its liabilities.

2. In the event of liquidation, the Board of Governors shall appoint the liquidators and give them instructions for carrying out the liquidation. It shall ensure that the rights of the members of staff are safeguarded.

ARTICLE 26

1. In each of the Member States, the Bank shall enjoy the most extensive legal capacity accorded to legal persons under their laws; it may, in particular, acquire or dispose of movable or

immovable property and may be a party to legal proceedings.

2. The property of the Bank shall be exempt from all forms of requisition or expropriation.

ARTICLE 27

Disputes between the Bank on the one hand, and its creditors, debtors or any other person on the other, shall be decided by the competent national courts, save where jurisdiction has been conferred on the Court of Justice of the European Union. The Bank may provide for arbitration in any contract.

The Bank shall have an address for service in each Member State. It may, however, in any contract, specify a particular address for service.

The property and assets of the Bank shall not be liable to attachment or to seizure by way of execution except by decision of a court.

ARTICLE 28

1. The Board of Governors may, acting unanimously, decide to establish **subsidiaries or other entities**, which shall have legal personality and financial autonomy.

2. The Board of Governors shall establish the **Statutes of the bodies referred to in paragraph 1.** The Statutes shall define, in particular, their objectives, structure, capital, membership, **the location of their seat**, financial resources, means of intervention and auditing arrangements, as well as the relationship between the organs of the Bank.

3. The Bank shall be entitled to participate in the management of **these bodies** and contribute to its subscribed capital up to the amount determined by the Board of Governors, acting unanimously.

4. The Protocol on the privileges and immunities of the European Union shall apply to the **bodies** referred to in paragraph 1 insofar as they are incorporated under Union law, to the members of its organs in the performance of their duties as such and to its staff, under the same terms and conditions as those applicable to the Bank.

Those dividends, capital gains or other forms of revenue stemming from **such bodies** to which the members, other than the European **Union** and the Bank, are entitled, shall however remain subject to the fiscal provisions of the applicable legislation.

5. The Court of Justice of the European Union shall, within the limits hereinafter laid down, have jurisdiction in disputes concerning measures adopted by organs of a body incorporated under Union law. Proceedings against such measures may be instituted by any member of such a body in its capacity as such or by Member States under the conditions laid down in Article 263 of the Treaty on the Functioning of the European Union.

6. The Board of Governors may, acting unanimously, decide to admit the staff of bodies incorporated under Union law to joint schemes with the Bank, in compliance with the respective internal procedures.

19. SCHENGEN ACQUIS

PROTOCOL (No. 19) ON THE SCHENGEN ACQUIS INTEGRATED INTO THE FRAMEWORK OF THE EUROPEAN UNION (1997)

THE HIGH CONTRACTING PARTIES,

NOTING that the Agreements on the gradual abolition of checks at common borders signed by some Member States of the European Union in Schengen on 14 June 1985 and on 19 June 1990, as well as related agreements and the rules adopted on the basis of these agreements, have been integrated into the framework of the European Union by the Treaty of Amsterdam of 2 October 1997,

TAKING INTO ACCOUNT the special position of Denmark,

TAKING INTO ACCOUNT the need to maintain a special relationship with the Republic of Iceland and the Kingdom of Norway, both States being bound by the provisions of the Nordic passport union, together with the Nordic States which are members of the European Union,

HAVE AGREED UPON the following provisions, which shall be annexed to the Treaty on European Union and to the **Treaty on the Functioning of the European Union**:

ARTICLE 1

This co-operation shall be conducted within the institutional and legal framework of the European Union and with respect for the relevant provisions of the Treaties.	
Interpretation of the Schengen acquis	ARTICLE 2 The Schengen acquis shall apply to the Member States referred to in Article 1, without prejudice to Article 3 of the Act of Accession of 16 April 2003 or to Article 4 of the Act of Accession of 25 April 2005. The Council will substitute itself for the Executive Committee established by the Schengen agreements.	
	ARTICLE 3 The participation of Denmark in the adoption of measures constituting a development of the Schengen acquis, as well as the implementation of these measures and their application to Denmark, shall be governed by the relevant provisions of the Protocol on the position of Denmark.

	Ireland and the United Kingdom of Great Britain and Northern Ireland, may at any time request to take part in some or all of the provisions of this acquis.	
	The Council shall decide on the request with the unanimity if its members referred to in Article 1 and of the representative of the Government of the State concerned.	
	ARTICLE 5	
	1. Proposals and initiatives to build upon the Schengen acquis shall be subject to the relevant provisions of the Treaties.

That decision shall be taken in accordance with the following criteria: the Council shall seek to retain the widest possible measure of participation of the Member State concerned without seriously affecting the practical operability of the various parts of the Schengen acquis, while respecting their coherence. The Commission shall submit its proposal as soon as possible after the notification referred to in paragraph 2. The Council shall, if needed after convening two successive meetings, act within four months of the Commission proposal.	
	4. If, by the end of the period of four months, the Council has not adopted a decision, a Member State may, without delay, request that the matter be referred to the European Council. In that case, the European Council shall, at its next meeting, acting by a qualified

5. If, by the end of the procedure set out in paragraphs 3 or 4, the Council or, as the case maybe, the European Council has not adopted its decision, the suspension of the procedure for adopting the measure building upon the Schengen acquis shall be terminated. If the said measure is subsequently adopted any decision taken by the Council pursuant to Article 4 shall, as from the date of entry into force of that measure, cease to apply for the Member State concerned to the extent and under the conditions decided by the Commission, unless the said Member State has withdrawn its notification referred to in paragraph 2 before the adoption of the measure. The Commission shall act by the date of this adoption. When taking its decision, the Commission shall respect the criteria referred to in paragraph 3.

ARTICLE 6

The Republic of Iceland and the Kingdom of Norway shall be associated with the implementation of the Schengen acquis and its further development. Appropriate procedures shall be agreed to that effect in an Agreement to be concluded with those States by the Council, acting by the unanimity of its Members mentioned in Article 1. Such Agreement shall include provisions on the contribution of Iceland and Norway to any financial consequences resulting from the implementation of this Protocol.

A separate Agreement shall be concluded with Iceland and Norway by the Council, acting unanimously, for the establishment of rights and obligations between Ireland and the United Kingdom of Great Britain and Northern Ireland on the one hand, and Iceland and Norway on the other, in domains of the Schengen acquis which apply to these States.

22. OPT-OUTS FOR DENMARK

Edinburgh summit 1992

Danish opt-out from

PROTOCOL (No. 22) ON THE POSITION OF DENMARK (1997)

THE HIGH CONTRACTING PARTIES,

RECALLING the Decision of the Heads of State or Government, meeting within the European Council at Edinburgh on 12 December 1992, concerning certain problems raised by Denmark on the Treaty on European Union,

HAVING NOTED the position of Denmark with regard to Citizenship, Economic and Monetary Union, Defence Policy and Justice and Home Affairs as laid down in the Edinburgh Decision,

CONSCIOUS of the fact that a continuation under the Treaties of the legal regime originating in the Edinburgh decision will significantly limit Denmark's participation in important areas of cooperation of the Union, and that it would be in the best interest of the Union to ensure the integrity of the acquis in the area of freedom, security and justice;

WISHING therefore to establish a legal framework that will provide an option for Denmark to participate in the adoption of measures proposed on the basis of Title IV of Part Three of the Treaty on the Functioning of the European Union and welcoming the intention of Denmark to avail itself of this option when possible in accordance with its constitutional requirements;

NOTING that Denmark will not prevent the other Member States from further developing their co-operation with respect to measures not binding on Denmark;

BEARING IN MIND Article 3 of the Protocol **on** the Schengen acquis **integrated** into the framework of the European Union,

HAVE AGREED UPON the following provisions, which shall be annexed to the Treaty on European Union and to the Treaty on the Functioning of the European Union:

PART I

ARTICLE 1

Denmark shall not take part in the adoption by the Council of proposed measures pursuant to Title V of **Part Three of the Treaty on the Functioning of the European Union.** The unanimity of the members of the Council, with the exception of the representative of the government of Denmark, shall be necessary for the decisions of the Council which must be adopted unanimously.

For the purposes of this Article, a qualified majority shall be defined in accordance with Article 238(3) of the Treaty on the Functioning of the European Union.

	ARTICLE 2 None of the provisions of Title V of Part Three of the Treaty on the Functioning of the European Union , no measure adopted pursuant to that Title, no provision of any international agreement concluded by the Union pursuant to that Title, and no decision of the Court of Justice of the European Union interpreting any such provision or measure or any measure amended or amendable pursuant to that Title shall be binding upon or applicable in Denmark; and no such provision, measure or decision shall in any way affect the competences, rights and obligations of Denmark; and no such provision, measure or decision shall in any way affect the Community or Union acquis nor form part of Union law as they apply to Denmark. In particular, acts of the Union in the field of police cooperation and judicial co-operation in criminal matters adopted before the entry into force of the Treaty of Lisbon which are amended shall continue to be binding upon and applicable to Denmark unchanged. ARTICLE 2 a	
	Article 2 of this Protocol shall also apply in respect of those rules laid down on the basis of Article 16 of the Treaty on the Functioning of the European Union which relate to the processing of personal data by the Member States when carrying out activities which fall within the scope of Chapter 4 or Chapter 5 of Title V of Part Three of that Treaty.	
	ARTICLE 3	
No pay	Denmark shall bear no financial consequences of measures referred to in Article 1, other than administrative costs entailed for the institutions.	
	ARTICLE 4	
6 months to adopt Schengen rules	1. Denmark shall decide within a period of 6 months after the Council has decided on a proposal or initiative to build upon the Schengen acquis covered by this Part , whether it will implement this measure in its national law. If it decides to do so, this measure will create an obligation under international law between Denmark and the other Member States bound by the measure .	
If not: "Appropriate measures"	2. If Denmark decides not to implement a measure of the Council as referred to in paragraph 1, the Member States bound by that measure and Denmark will consider appropriate measures to be taken. PART II	
	ARTICLE 5	
Danish opt-out from defence does not prevent others	With regard to measures adopted by the Council pursuant to Article 26(1), Article 42 and Articles 43 to 46 of the Treaty on European Union , Denmark does not participate in the elaboration and the implementation of decisions and actions of the Union which have defence implications. Therefore Denmark shall not participate in their adoption. Denmark will not prevent the other Member States from further developing their co-operation in this area . Denmark shall not be obliged to contribute to the financing of operational expenditure arising from such measures, nor to make military capabilities available to the Union .	
	The unanimity of the members of the Council, with the exception of the representative of the government of Denmark, shall be necessary for the acts of the Council which must be adopted unanimously.	
	For the purposes of this Article, a qualified majority shall be defined in accordance with Article 238(3) of the Treaty on the Functioning of the European Union .	
	PART III	
	ARTICLE 6	
	Articles 1, 2 and 3 shall not apply to measures determining the third countries whose nationals must be in possession of a visa when crossing the external borders of the Member States, or	

measures relating to a uniform format for visas.

PART IV

ARTICLE 7

Opt-outs can be reduced

At any time Denmark may, in accordance with its constitutional requirements, inform other Member States that it no longer wishes to avail itself of all or part of this Protocol. In that event, Denmark will apply in full all relevant measures then in force taken within the framework of the European Union.

ARTICLE 8

1. At any time and without prejudice to Article 7, Denmark may, in accordance with its constitutional requirements, notify the other Member States that, with effect from the first day of the month following the notification, Part I shall consist of the provisions in the Annex. In that case Articles 5 to 8 shall be renumbered in consequence.

2. Six months after the date on which the notification referred to in paragraph 1 takes effect all Schengen acquis and measures adopted to build upon this acquis, which until then have been binding on Denmark as obligations under international law, shall be binding upon Denmark as Union law.

ANNEX

ARTICLE 1

Subject to Article 3, Denmark shall not take part in the adoption by the Council of measures proposed pursuant to Title IV of Part Three of the Treaty on the Functioning of the European Union. The unanimity of the members of the Council, with the exception of the representative of the government of Denmark, shall be necessary for the acts of the Council which must be adopted unanimously.

For the purposes of this Article, a qualified majority shall be defined in accordance with Article 238(3) of the Treaty on the Functioning of the European Union.

ARTICLE 2

Pursuant to Article 1 and subject to Articles 3, 4 and 8, none of the provisions in Title V of Part Three of the Treaty on the Functioning of the European Union, no measure adopted pursuant to that Title, no provision of any international agreements concluded by the Union pursuant to that Title, no decision of the Court of Justice of the European Union interpreting any such provision or measure shall be binding upon or applicable in Denmark; and no such provision, measure or decision shall in any way affect the competences, rights and obligations of Denmark; and no such provision, measure or decision shall in any way affect the Community or Union acquis nor form part of Union law as they apply to Denmark.

ARTICLE 4

Denmark may at any time after the adoption of a measure pursuant to Title IV of Part Three of the Treaty on the Functioning of the European Union notify its intention to the Council and the Commission that it wishes to accept that measure. In that case, the procedure provided for in Article 331(1) of that Treaty shall apply mutatis mutandis.

ARTICLE 5

1. The provisions of this Protocol apply for Denmark also to measures proposed or adopted pursuant to Title V of Part Three of the Treaty on the Functioning of the European Union amending an existing measure by which it is bound.

2. However, in cases where the Council, acting on a proposal from the Commission, determines that the non-participation of Denmark in the amended version of an existing measure makes the application of that measure inoperable for other Member States or the Union, it may urge it to make a notification under Article 3 or 4. For the purposes of Article 3 a further period of two months starts to run as from the date of such determination by the Council.

If at the expiry of that period of two months from the Council's determination Denmark has not made a notification under Article 3 or Article 4, the existing measure shall no longer be binding upon or applicable to it, unless it has made a notification under Article 4 before the entry into force of the amending measure. This shall take effect from the date of entry into force of the amending measure or of expiry of the period of two months, whichever is the later.

For the purpose of this paragraph, the Council shall, after a full discussion of the matter, act by a qualified majority of its members representing the Member States participating or having participated in the adoption of the amending measure. A qualified majority of the Council shall be defined in accordance with Article 238(3)(a) of the Treaty on the Functioning of the European Union.

3. The Council, acting by a qualified majority on a proposal from the Commission, may determine that Denmark shall bear the direct financial consequences, if any, necessarily and unavoidably incurred as a result of the cessation of its participation in the existing measure.

4. This Article shall be without prejudice to Article 4.

ARTICLE 6

1. Notification pursuant to Article 4 shall be submitted no later than six months after the final adoption of a measure if this measure builds upon the Schengen acquis.

If Denmark does not submit a notification in accordance with Articles 3 or 4 regarding a measure building upon the Schengen acquis, the Member States bound by that measure and Denmark will consider appropriate measures to be taken.

2. A notification pursuant to Article 3 with respect to a measure building upon the Schengen acquis shall be deemed irrevocably to be a notification pursuant to Article 3 with respect to any further proposal or initiative aiming to build upon that measure to the extent that such proposal or initiative builds upon the Schengen acquis.

ARTICLE 7

Denmark shall not be bound by the rules laid down on the basis of Article 16 of the Treaty on the Functioning of the European Union which relate to the processing of personal data by the Member States when carrying out activities which fall within the scope of Chapter 4 or Chapter 5 of Title IV of Part Three of that Treaty where Denmark is not bound by the rules governing the forms of judicial co-operation in criminal matters or police co-operation which require compliance with the provisions laid down on the basis of Article 16.

ARTICLE 8

Where, in cases referred to in this Part, Denmark is bound by a measure adopted by the Council pursuant to Title V of Part Three of the Treaty on the Functioning of the European Union, the relevant provisions of that Treaty shall apply to Denmark in relation to that measure.

ARTICLE 9

Where Denmark is not bound by a measure adopted pursuant to Title V of Part Three of the Treaty on the Functioning of the European Union, it shall bear no financial consequences of that measure other than administrative costs entailed for the institutions unless the Council, acting unanimously after consulting the European Parliament, decides otherwise.

PROTOCOL (No. 31) CONCERNING IMPORTS INTO THE EUROPEAN UNION OF PETROLEUM PRODUCTS REFINED IN THE NETHERLANDS ANTILLES (1962)

THE HIGH CONTRACTING PARTIES,

BEING DESIROUS of giving fuller details about the system of trade applicable to imports into the European **Union** of petroleum products refined in the Netherlands Antilles,

HAVE AGREED on the following provisions to be appended to the Treaty on European Union and to the Treaty on the Functioning of the European Union:

ARTICLE 1

This Protocol is applicable to petroleum products coming under the Brussels Nomenclature numbers 27.10, 27.11, 27.12, ex 27.13 (paraffin wax, petroleum or shale wax and paraffin residues) and 27.14, imported for use in Member States.

ARTICLE 2

Member States shall undertake to grant to petroleum products refined in the Netherlands Antilles the tariff preferences resulting from the association of the latter with the **Union**, under the conditions provided for in this Protocol. These provisions shall hold good whatever may be the rules of origin applied by the Member States.

ARTICLE 3

1. When the Commission, at the request of a Member State or on its own initiative, establishes that imports into the **Union** of petroleum products refined in the Netherlands Antilles under the system provided for in Article 2 above are giving rise to real difficulties on the market of one or more Member States, it shall decide that customs duties on the said imports shall be introduced, increased or reintroduced by the Member States in question, to such an extent and for such a period as may be necessary to meet that situation. The rates of the customs duties thus introduced, increased or reintroduced may not exceed the customs duties applicable to third countries for these same products.

2. The provisions of paragraph 1 can in any case be applied when imports into the **Union** of petroleum products refined in the Netherlands Antilles reach two million metric tonnes a year.

3. The Council shall be informed of decisions taken by the Commission in pursuance of paragraphs 1 and 2, including those directed at rejecting the request of a Member State. The Council shall, at the request of any Member State, assume responsibility for the matter and may at any time amend or revoke them.

ARTICLE 4

1. If a Member State considers that imports of petroleum products refined in the Netherlands Antilles, made either directly or through another Member State under the system provided for in

31. IMPORTS OF PETROLEUM PRODUCTS REFINED IN NETH. ANTILLES Article 2 above, are giving rise to real difficulties on its market and that immediate action is necessary to meet them, it may on its own initiative decide to apply customs duties to such imports, the rate of which may not exceed those of the customs duties applicable to third countries in respect of the same products. It shall notify its decision to the Commission which shall decide within one month whether the measures taken by the State should be maintained or must be amended or cancelled. The provisions of Article 3(3) shall be applicable to such decision of the Commission.

2. When the quantities of petroleum products refined in the Netherlands Antilles imported either directly or through another Member State, under the system provided for in Article 2 above, into a Member State or States of the EEC exceed during a calendar year the tonnage shown in the Annex to this Protocol, the measures taken in pursuance of paragraph 1 by that or those Member States for the current year shall be considered to be justified; the Commission shall, after assuring itself that the tonnage fixed has been reached, formally record the measures taken. In such a case the other Member States shall abstain from formally placing the matter before the Council.

ARTICLE 5

If the **Union** decides to apply quantitative restrictions to petroleum products, no matter whence they are imported, these restrictions may also be applied to imports of such products from the Netherlands Antilles. In such a case preferential treatment shall be granted to the Netherlands Antilles as compared with third countries.

ARTICLE 6

1. The provisions of Articles 2 to 5 shall be reviewed by the Council, by unanimous decision, after consulting the European Parliament and the Commission, when a common definition of origin for petroleum products from third countries and associated countries is adopted, or when decisions are taken within the framework of a common commercial policy for the products in question or when a common energy policy is established.

2. When such revision is made, however, equivalent preferences must in any case be maintained in favour of the Netherlands Antilles in a suitable form and for a minimum quantity of $21\frac{1}{2}$ million tonnes of petroleum products.

3. The **Union's** commitments in regard to equivalent preferences as mentioned in paragraph 2 of this Article may, if necessary, be broken down country by country taking into account the tonnage indicated in the Annex to this Protocol.

ARTICLE 7

For the implementation of this Protocol, the Commission is responsible for following the pattern of imports into the Member States of petroleum products refined in the Netherlands Antilles. Member States shall communicate to the Commission, which shall see that it is circulated, all useful information to that end in accordance with the administrative conditions recommended by it.

10. Smaller Commission 10. DECLARATION ON ARTICLE 17 OF THE TREATY ON EUROPEAN UNION

The Conference considers that when the Commission no longer includes nationals of all Member States, the Commission should pay particular attention to the need to ensure full transparency in relations with all Member States. Accordingly, the Commission should liaise closely with all Member States, whether or not they have a national serving as member of the Commission, and in this context pay special attention to the need to share information and consult with all Member States.

The Conference also considers that the Commission should take all the necessary measures to ensure that political, social and economic realities in all Member States, including those which have no national serving as member of the Commission, are fully taken into account. These measures should include ensuring that the position of those Member States is addressed by

	appropriate organisational arrangements.
11. EP consulted before nomination of candidate for Commission President	11. DECLARATION ON ARTICLE 17 (6) AND (7) OF THE TREATY ON EUROPEAN UNION
	The Conference considers that, in accordance with the provisions of the Treaties, the European Parliament and the European Council are jointly responsible for the smooth running of the process leading to the election of the President of the European Commission. Prior to the decision of the European Council, representatives of the European Parliament and of the European Council will thus conduct the necessary consultations in the framework deemed the most appropriate. These consultations will focus on the backgrounds of the candidates for President of the Commission, taking account of the elections to the European Parliament, in accordance with the first subparagraph of Article 17(7). The arrangements for such consultations may be determined, in due course, by common accord between the European Parliament and the European Council.

	2. 13. Foreign and security policy	13. DECLARATION CONCERNING THE COMMON FOREIGN AND SECURITY POLICY
	The Conference underlines that the provisions in the Treaty on European Union covering the Common Foreign and Security Policy, including the creation of the office of High Representative of the Union for Foreign Affairs and Security Policy and the establishment of an External Action Service, do not affect the responsibilities of the Member States, as they currently exist, for the formulation and conduct of their foreign policy nor of their national representation in third countries and international organisations.
	The Conference also recalls that the provisions governing the Common Security and Defence Policy do not prejudice the specific character of the security and defence policy of the Member States.
But no treaty obligation to seek UN mandate for participation in wars	It stresses that the European Union and its Member States will remain bound by the provisions of the Charter of the United Nations and, in particular, by the primary responsibility of the Security Council and of its Members for the maintenance of international peace and security.
14. Participation in the UN Security Council	14. DECLARATION CONCERNING THE COMMON FOREIGN AND SECURITY POLICY
	In addition to the specific rules and procedures referred to in paragraph 1 of Article 24 of the Treaty on European Union, the Conference underlines that the provisions covering the Common Foreign and Security Policy including in relation to the High Representative of the Union for Foreign Affairs and Security Policy and the External Action Service will not affect the existing legal basis, responsibilities, and powers of each Member State in relation to the formulation and conduct of its foreign policy, its national diplomatic service, relations with third countries and participation in international organisations, including a Member State's membership of the

	Security Council of the United Nations.
	The Conference also notes that the provisions covering the Common Foreign and Security Policy do not give new powers to the Commission to initiate decisions or increase the role of the European Parliament.
	The Conference also recalls that the provisions governing the Common Security and Defence Policy do not prejudice the specific character of the security and defence policy of the Member States.
15. External Action Service	15. DECLARATION ON ARTICLE 27 OF THE TREATY ON EUROPEAN UNION
Preparation has commenced	The Conference declares that, as soon as the Treaty of Lisbon is signed, the Secretary-General of the Council, High Representative for the common foreign and security policy, the Commission and the Member States should begin preparatory work on the European External Action Service.
16. Translation of the treaties into more languages	16. DECLARATION ON ARTICLE 55 (2) OF THE TREATY ON EUROPEAN UNION
guugeo	The Conference considers that the possibility of producing translations of the Treaties in the languages mentioned in Article 55(2) contributes to fulfilling the objective of respecting the Union's rich cultural and linguistic diversity as set forth in the fourth subparagraph of Article 3(3). In this context, the Conference confirms the attachment of the Union to the cultural diversity of Europe and the special attention it will continue to pay to these and other languages.
	The Conference recommends that those Member States wishing to avail themselves of the possibility recognised in Article 55(2) communicate to the Council, within six months from the date of the signature of the Treaty of Lisbon, the language or languages into which translations of the Treaties will be made.
17. Primacy of Union law	17. DECLARATION CONCERNING PRIMACY
– moved from Art. I-6 in the rejected EU Constitution	The Conference recalls that, in accordance with well settled case law of the EU Court of Justice, the Treaties and the law adopted by the Union on the basis of the Treaties have primacy over the law of Member States, under the conditions laid down by the said case law.
	The Conference has also decided to attach as an Annex to this Final Act the Opinion of the Council Legal Service on the primacy of EC law as set out in 11197/07 (JUR 260):
	"Opinion of the Council Legal Service of 22 June 2007
Legal opinion adopted All case law is accepted – including verdicts making the legal system constitutional law above national constitutions	It results from the case-law of the Court of Justice that primacy of EC law is a cornerstone principle of Community law. According to the Court, this principle is inherent to the specific nature of the European Community. At the time of the first judgment of this established case law (Costa/ENEL, 15 July 1964, Case $6/64^4$) there was no mention of primacy in the treaty. It is still the case today. The fact that the principle of primacy will not be included in the future treaty shall not in any way change the existence of the principle and the existing case-law of the Court of Justice."

⁴ "It follows (...) that the law stemming from the treaty, an independent source of law, could not, because of its special and original nature, be overridden by domestic legal provisions, however framed, without being deprived of its character as Community law and without the legal basis of the Community itself being called into question."

18. Delimitation of Union competences – requires unanimity	18. DECLARATION IN RELATION TO THE DELIMITATION OF COMPETENCES
, cy	The Conference underlines that, in accordance with the system of division of competences between the Union and the Member States as provided for in the Treaty on European Union and the Treaty on the Functioning of the European Union, competences not conferred upon the Union in the Treaties remain with the Member States.
	When the Treaties confer on the Union a competence shared with the Member States in a specific area, the Member States shall exercise their competence to the extent that the Union has not exercised, or has decided to cease exercising, its competence. The latter situation arises when the relevant EU institutions decide to repeal a legislative act, in particular better to ensure constant respect for the principles of subsidiarity and proportionality. The Council may, at the initiative of one or several of its members (representatives of Member States) and in accordance with Article 208 of the Treaty on the Functioning of the European Union, request the Commission to submit proposals for repealing a legislative act. The Conference welcomes the Commission's declaration that it shall devote particular attention to those requests.
	Equally, the representatives of the governments of the Member States, meeting in an Intergovernmental Conference, in accordance with the ordinary revision procedure provided for in Article 48(2) to (5) of the Treaty on European Union, may decide to amend the Treaties, including either to increase or to reduce the competences conferred on the Union in the said Treaties.
19. Combating violence	19. DECLARATION ON ARTICLE 8 OF THE TREATY ON THE FUNCTIONING OF THE EUROPEAN UNION
	The Conference agrees that, in its general efforts to eliminate inequalities between women and men, the Union will aim in its different policies to combat all kinds of domestic violence. The Member States should take all necessary measures to prevent and punish these criminal acts and to support and protect the victims.
20. Personal data	20. DECLARATION ON ARTICLE 16 OF THE TREATY ON THE FUNCTIONING OF THE EUROPEAN UNION
	The Conference declares that, whenever rules on protection of personal data to be adopted on the basis of Article 16 could have direct implications for national security, due account will have to be taken of the specific characteristics of the matter. It recalls that the legislation presently applicable (see in particular Directive 95/46/EC) includes specific derogations in this regard.
21. Personal data in area of police and judicial cooperation in criminal matters	21. DECLARATION ON THE PROTECTION OF PERSONAL DATA IN THE FIELD OF POLICE AND JUDICIAL CO-OPERATION IN CRIMINAL MATTERS
	The Conference acknowledges that specific rules on the protection of personal data and the free movement of such data in the fields of judicial co-operation in criminal matters and police co-operation based on Article 16 of the Treaty on the Functioning of the European Union may prove necessary because of the specific nature of these fields.
22. Social security	22. DECLARATION ON ARTICLES 48 AND 79 OF THE TREATY ON THE FUNCTIONING OF THE EUROPEAN UNION
	The Conference considers that in the event that a draft legislative act based on Article 82(2) would affect important aspects of the social security system of a Member State, including its scope, cost or financial structure, or would affect the financial balance of that system as set out in the second paragraph of Article 48, the interests of that Member State will be duly taken into account.

23. Consensus	23. DECLARATION ON THE SECOND PARAGRAPH OF ARTICLE 48 OF THE TREATY ON THE FUNCTIONING OF THE EUROPEAN UNION
	The Conference recalls that in that case, in accordance with Article 15(4), the European Council acts by consensus.
24. Legal personality	24. DECLARATION CONCERNING THE LEGAL PERSONALITY OF THE EUROPEAN UNION
	The Conference confirms that the fact that the European Union has a legal personality will not in any way authorise the Union to legislate or to act beyond the competences conferred upon it by the Member States in the Treaties.
25. Fundamental rights - clear criteria	25. DECLARATION ON ARTICLES 75 AND 215 OF THE TREATY ON THE FUNCTIONING OF THE EUROPEAN UNION
	The Conference recalls that the respect for fundamental rights and freedoms implies, in particular, that proper attention is given to the protection and observance of the due process rights of the individuals or entities concerned. For this purpose and in order to guarantee a thorough judicial review of European decisions subjecting an individual or entity to restrictive measures, such decisions must be based on clear and distinct criteria. These criteria should be tailored to the specifics of each restrictive measure.
26. Non-participation in judicial cooperation	26. DECLARATION ON NON-PARTICIPATION BY A MEMBER STATE IN A MEASURE BASED ON TITLE IV OF PART THREE OF THE TREATY ON THE FUNCTIONING OF THE EUROPEAN UNION
	The Conference declares that, where a Member State opts not to participate in a measure based on Title IV of Part Three of the Treaty on the Functioning of the European Union, the Council will hold a thorough discussion on the possible implications and effects of that Member State's non-participation in the measure.
	In addition, any Member State may ask the Commission to examine the situation on the basis of Article 116 of the Treaty on the Functioning of the European Union.
	The above paragraphs are without prejudice to the entitlement of a Member State to refer the matter to the European Council.
27. Criminal investigations	27. DECLARATION ON ARTICLE 85 (1), SECOND SUBPARAGRAPH OF THE TREATY ON THE FUNCTIONING OF THE EUROPEAN UNION
	The Conference considers that the regulations referred to in the second subparagraph of Article 85(1) of the Treaty on the Functioning of the European Union should take into account national rules and practices relating to the initiation of criminal investigations.
28. Division of Germany	28. DECLARATION ON ARTICLE 98 OF THE TREATY ON THE FUNCTIONING OF THE EUROPEAN UNION
	The Conference notes that the provisions of Article 98 shall be applied in accordance with the current practice. The terms "such measures are required in order to compensate for the economic disadvantages caused by the division of Germany to the economy of certain areas of the Federal Republic affected by that division" shall be interpreted in accordance with the existing case law of the Court of Justice of the European Union.
29. Aid for former DDR areas (German Democratic Republic)	29. DECLARATION ON ARTICLE 107 (2)(c) OF THE TREATY ON THE FUNCTIONING OF THE EUROPEAN UNION

	The Conference notes that Article 107(2)(c) shall be interpreted in accordance with the existing case law of the Court of Justice of the European Union regarding the applicability of the provisions to aid granted to certain areas of the Federal Republic of Germany affected by the former division of Germany.
30. EMU – Growth Pact	30. DECLARATION ON ARTICLE 126 OF THE TREATY ON THE
- Growin Faci	FUNCTIONING OF THE EUROPEAN UNION
	With regard to Article 126, the Conference confirms that raising growth potential and securing sound budgetary positions are the two pillars of the economic and fiscal policy of the Union and the Member States. The Stability and Growth Pact is an important tool to achieve these goals.
	The Conference reaffirms its commitment to the provisions concerning the Stability and Growth Pact as the framework for the co-ordination of budgetary policies in the Member States.
	The Conference confirms that a rule-based system is the best guarantee for commitments to be enforced and for all Member States to be treated equally.
	Within this framework, the Conference also reaffirms its commitment to the goals of the Lisbon Strategy: job creation, structural reforms, and social cohesion.
	The Union aims at achieving balanced economic growth and price stability. Economic and budgetary policies thus need to set the right priorities towards economic reforms, innovation, competitiveness and strengthening of private investment and consumption in phases of weak economic growth. This should be reflected in the orientations of budgetary decisions at the national and Union level in particular through restructuring of public revenue and expenditure while respecting budgetary discipline in accordance with the Treaties and the Stability and Growth Pact.
	Budgetary and economic challenges facing the Member States underline the importance of sound budgetary policy throughout the economic cycle.
	The Conference agrees that Member States should use periods of economic recovery actively to consolidate public finances and improve their budgetary positions. The objective is to gradually achieve a budgetary surplus in good times which creates the necessary room to accommodate economic downturns and thus contribute to the long-term sustainability of public finances.
	The Member States look forward to possible proposals of the Commission as well as further contributions of Member States with regard to strengthening and clarifying the implementation of the Stability and Growth Pact. The Member States will take all necessary measures to raise the growth potential of their economies. Improved economic policy co-ordination could support this objective. This Declaration does not prejudge the future debate on the Stability and Growth Pact.
31. Social policy fields	31. DECLARATION ON ARTICLE 156 OF THE TREATY ON THE FUNCTIONING OF THE EUROPEAN UNION
	The Conference confirms that the policies described in Article 156 fall essentially within the competence of the Member States. Measures to provide encouragement and promote co- ordination to be taken at Union level in accordance with this Article shall be of a complementary nature. They shall serve to strengthen co-operation between Member States and not to harmonise national systems. The guarantees and practices existing in each Member State as regards the responsibility of the social partners will not be affected.
	This Declaration is without prejudice to the provisions of the Treaties conferring competence on the Union, including in social matters.
32. High standards of health protection	32. DECLARATION ON ARTICLE 168 (4)(c) OF THE TREATY ON THE FUNCTIONING OF THE EUROPEAN UNION
	The Conference declares that the measures to be adopted pursuant to Article 168(4)(c) must meet common safety concerns and aim to set high standards of quality where national standards

	affecting the internal market would otherwise prevent a high level of human health protection being achieved.
33. Island States	33. DECLARATION ON ARTICLE 174 OF THE TREATY ON THE FUNCTIONING OF THE EUROPEAN UNION
	The Conference considers that the reference in Article 174 to island regions can include island States in their entirety, subject to the necessary criteria being met.
34. Research policies	34. DECLARATION ON ARTICLE 179 OF THE TREATY ON THE FUNCTIONING OF THE EUROPEAN UNION
	The Conference agrees that the Union's action in the area of research and technological development will pay due respect to the fundamental orientations and choices of the research policies of the Member States.
35. Energy supply	35. DECLARATION ON ARTICLE 194 OF THE TREATY ON THE FUNCTIONING OF THE EUROPEAN UNION
	The Conference believes that Article 194 does not affect the right of the Member States to take the necessary measures to ensure their energy supply under the conditions provided for in Article 347.
36. International agreements in judicial cooperation	36. DECLARATION ON ARTICLE 218 OF THE TREATY ON THE FUNCTIONING OF THE EUROPEAN UNION CONCERNING THE NEGOTIATION AND CONCLUSION OF INTERNATIONAL AGREEMENTS BY MEMBER STATES RELATING TO THE AREA OF FREEDOM, SECURITY AND JUSTICE
	The Conference confirms that Member States may negotiate and conclude agreements with third countries or international organisations in the areas covered by Chapters 3, 4 and 5 of Title IV of Part Three insofar as such agreements comply with Union law.
37. Solidarity clause against terrorist attack	37. DECLARATION ON ARTICLES 222 OF THE TREATY ON THE FUNCTIONING OF THE EUROPEAN UNION
	Without prejudice to the measures adopted by the Union to comply with its solidarity obligation towards a Member State which is the object of a terrorist attack or the victim of natural or man-made disaster, none of the provisions of Article 222 is intended to affect the right of another Member State to choose the most appropriate means to comply with its own solidarity obligation towards that Member State.
38. Number of Advocates-General	38. DECLARATION ON ARTICLE 252 OF THE TREATY ON THE FUNCTIONING OF THE EUROPEAN UNION REGARDING THE NUMBER OF ADVOCATES-GENERAL IN THE COURT OF JUSTICE
	The Conference declares that if, in accordance with Article 252, first subparagraph, of the Treaty on the Functioning of the European Union, the Court of Justice requests that the number of Advocates-General be increased by three (eleven instead of eight), the Council will, acting unanimously, agree on such an increase.
	In that case, the Conference agrees that Poland will, as it is already the case for Germany, France, Italy, Spain and the United-Kingdom, have a permanent Advocate-General and no longer take part in the rotation system, while the existing rotation system will involve the rotation of five Advocates-General instead of three.
	1

39. Delegated acts in financial services	39. DECLARATION ON ARTICLE 290 OF THE TREATY ON THE FUNCTIONING OF THE EUROPEAN UNION
	The Conference takes note of the Commission's intention to continue to consult experts appointed by the Member States in the preparation of draft delegated acts in the financial services area, in accordance with its established practice.
40. Enhanced cooperation	40. DECLARATION ON ARTICLE 329 OF THE TREATY ON THE FUNCTIONING OF THE EUROPEAN UNION
	The Conference declares that Member States may indicate, when they make a request to establish enhanced co-operation, if they intend already at that stage to make use of Article 329 providing for the extension of qualified majority voting or to have recourse to the ordinary legislative procedure.
41. No legislative acts in foreign policy and defence	41. DECLARATION ON ARTICLE 352 OF THE TREATY ON THE FUNCTIONING OF THE EUROPEAN UNION
in jenee	The Conference declares that the reference in Article 352(1) of the Treaty on the Functioning of the European Union to objectives of the Union refers to the objectives as set out in Article 3(2) and (3) of the Treaty on European Union and to the objectives of Articles 3(5) with respect to external action under Title V of Part Three, of that Treaty. It is therefore excluded that an action based on Article 352 of the Treaty on the Functioning of the European Union would only pursue objectives set out in Article 3(1) of the Treaty on European Union. In this connection, the Conference notes that in accordance with Article 42(1) of the Treaty on European Union, legislative acts may not be adopted in the area of the Common Foreign and Security Policy.
42. Flexibility clause cannot be used to alter the treaties	42. DECLARATION ON ARTICLE 352 OF THE TREATY ON THE FUNCTIONING OF THE EUROPEAN UNION
	The Conference underlines that, in accordance with the settled case law of the Court of Justice of the European Union, Article 352 of the Treaty on the Functioning of the European Union, being an integral part of an institutional system based on the principle of conferred powers, cannot serve as a basis for widening the scope of Union powers beyond the general framework created by the provisions of the Treaties as a whole and, in particular, by those that define the tasks and the activities of the Union. In any event, this Article cannot be used as a basis for the adoption of provisions whose effect would, in substance, be to amend the Treaties without following the procedure which they provide for that purpose.
43. Mayotte – a French colony	43. DECLARATION ON ARTICLE 355 (6) OF THE TREATY ON THE FUNCTIONING OF THE EUROPEAN UNION
	The High Contracting Parties agree that the European Council, pursuant to Article 355(6), will take a European decision leading to the modification of the status of Mayotte with regard to the Union in order to make this territory an outermost region within the meaning of Article 355(1) and Article 349, when the French authorities notify the European Council and the Commission that the evolution currently underway in the internal status of the island so allows.

B. DECLARATIONS CONCERNING PROTOCOLS ANNEXED TO THE TREATIES

44. Schengen rules are integrated in Union law	44. DECLARATION ON ARTICLE 5 OF THE PROTOCOL ON THE SCHENGEN ACQUIS INTEGRATED INTO THE FRAMEWORK OF THE EUROPEAN UNION
	The Conference notes that where a Member State has made a notification under Article 5(2) of the Protocol on the Schengen acquis integrated into the framework of the European Union that it does not wish to take part in a proposal or initiative, that notification may be withdrawn at any moment before the adoption of the measure building upon the Schengen acquis.
45. UK and Ireland opt- out from Schengen laws	45. DECLARATION ON ARTICLE 5(2) OF THE PROTOCOL ON THE SCHENGEN ACQUIS INTEGRATED INTO THE FRAMEWORK OF THE EUROPEAN UNION
	The Conference declares that whenever the United Kingdom or Ireland indicates to the Council its intention not to participate in a measure building upon a part of the Schengen acquis in which it participates, the Council will have a full discussion on the possible implications of the non- participation of that Member State in that measure. The discussion within the Council should be conducted in the light of the indications given by the Commission concerning the relationship between the proposal and the Schengen acquis.
46. 4-month discussion of Schengen laws	46. DECLARATION ON ARTICLE 5(3) OF THE PROTOCOL ON THE SCHENGEN ACQUIS INTEGRATED INTO THE FRAMEWORK OF THE EUROPEAN UNION
	The Conference recalls that if the Council does not take a decision after a first substantive discussion of the matter, the Commission may present an amended proposal for a further substantive re-examination by the Council within the deadline of 4 months.
47. Financial costs for non-participation	47. DECLARATION ON ARTICLE 5(3), (4) AND (5) OF THE PROTOCOL ON THE SCHENGEN ACQUIS INTEGRATED INTO THE FRAMEWORK OF THE EUROPEAN UNION
48. Denmark will not vote in areas with derogations	 The Conference notes that the conditions to be determined in the decision referred to in paragraphs 3, 4 or 5 of Article 5 of the Protocol on the Schengen acquis integrated into the framework of the European Union may determine that the Member State concerned shall bear the direct financial consequences, if any, necessarily and unavoidably incurred as a result of the cessation of its participation in some or all of the acquis referred to in any decision taken by the Council pursuant to Article 4 of the said Protocol. 48. DECLARATION CONCERNING THE PROTOCOL ON THE POSITION OF DENMARK
	The Conference notes that with respect to legal acts to be adopted by the Council acting alone or jointly with the European Parliament and containing provisions applicable to Denmark as well as provisions not applicable to Denmark because they have a legal basis to which Part I of the Protocol on the position of Denmark applies, Denmark declares that it will not use its voting right to prevent the adoption of the provisions which are not applicable to Denmark.
	Furthermore, the Conference notes that on the basis of the Declaration by the Conference on Article 222, Denmark declares that Danish participation in actions or legal acts pursuant to Article 222 will take place in accordance with Part I and Part II of the Protocol on the position of Denmark.

THE MEMBER STATES OF THE COMMUNITY

TAKE NOTE of the fact that the Italian Government is carrying out a ten-year programme of economic expansion designed to rectify the disequilibria in the structure of the Italian economy, in particular by providing an infrastructure for the less developed areas in Southern Italy and in the Italian islands and by creating new jobs in order to eliminate unemployment;

RECALL that the principles and objectives of this programme of the Italian Government have been considered and approved by organisations for international cooperation of which the Member States are members;

RECOGNISE that it is in their common interest that the objectives of the Italian programme should be attained;

AGREE, in order to facilitate the accomplishment of this task by the Italian Government, to recommend to the institutions of the Community that they should employ all the methods and procedures provided in this Treaty and, in particular, make appropriate use of the resources of the European Investment Bank and the European Social Fund;

ARE OF THE OPINION that the institutions of the Community should, in applying this Treaty, take account of the sustained effort to be made by the Italian economy in the coming years and of the desirability of avoiding dangerous stresses in particular within the balance of payments or the level of employment, which might jeopardise the application of this Treaty in Italy;

RECOGNISE that in the event of Articles 109 H and 109 I being applied it will be necessary to take care that any measures required of the Italian Government do not prejudice the completion of its programme for economic expansion and for raising the standard of living of the population."

	1. The Czech Republic recalls that the provisions of the Charter of Fundamental Rights of the European Union are addressed to the institutions and bodies of the European Union with due regard for the principle of subsidiarity and division of competences between the European Union and its Member States, as reaffirmed in Declaration (No 18) in relation to the delimitation of competences. The Czech Republic stresses that its provisions are addressed to the Member States only when they are implementing Union law, and not when they are adopting and implementing national law independently from Union law.
	2. The Czech Republic also emphasises that the Charter does not extend the field of application of Union law and does not establish any new power for the Union. It does not diminish the field of application of national law and does not restrain any current powers of the national authorities in this field
	3. The Czech Republic stresses that, in so far as the Charter recognises fundamental rights and principles as they result from constitutional traditions common to the Member States, those rights and principles are to be interpreted in harmony with those traditions.
	4. The Czech Republic further stresses that nothing in the Charter may be interpreted as restricting or adversely affecting human rights and fundamental freedoms as recognised, in their respective field of application, by Union law and by international agreements to which the Union or all the Member States are party, including the European Convention for the Protection of Human Rights and Fundamental Freedoms, and by the Member States' Constitutions.
